SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration (NHTSA)

Title: 49 CFR Part 512, Confidential Business Information.

OMB Number: 2127-0025.

Type of Request: Extension of a currently approved collection.

Abstract: NHTSA's statutory authority under title 49 of the United States Code prohibits the agency, with certain exceptions, from making public confidential information which it obtains. On the other hand, the Administrative Procedure Act requires all agencies to make public all non-confidential information upon request (5 U.S.C. 552) and all agency rules to be supported by substantial evidence in the public record (5 U.S.C. 705). It is therefore important for the agency to determine promptly whether or not information it obtains should be accorded confidential treatment.

NHTSA promulgated 49 CFR part 512, Confidential Business Information, to establish the procedure by which NHTSA will consider claims that information submitted to the agency, or which it otherwise obtains, is confidential business information. Because of part 512, both NHTSA and the submitters of information for which confidential treatment is requested are able to ensure that confidentiality requests are properly substantiated and expeditiously processed.

Affected Public: Business and other for-profit, individuals or households.

Estimated Total Annual Burden: 1064 hours.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention: NHTSA Desk Officer.
